City \_\_\_\_\_ State/Zip \_\_\_\_\_

- **Orphanages** – JBM has four orphanages with a total of 122 children. Support for the orphanages helps with maintaining the facilities and providing for the kids who reside in them.
- **Community Development** – JBM currently has several community development projects:
  - **Counseling Center** – this service provide mental health, vocational and marital counseling for people in the community .
  - **Wells Program** – Most homes do not have running water, and people have to walk for miles to get water in nearby rivers. JBM has 12 wells in different communities. These wells serve the community and allow local residents to have safe water.
  - **Microloans** –provide small loans for people to start businesses. Loan can be in the amount of \$250 or more (example: raising chickens or livestock, growing crops, baking bread for resale etc.)
  - **House Building project** – \$5,000 will provide a safe and secure home for a pastor or a member of the JBM church family.
  - **Sewing Project** – Allow local women to sew clothes and make jewelry to sell in order to support their families.
- **School Sponsorship** - Currently JBM has 19 primary and secondary schools. Most of these are the only school in their community. Most families are in desperate need of scholarships if the kids are to attend school. For primary school, \$150 will provide books, uniform and 1 meal a day for 1 school year. For secondary school \$250 will provide books, uniform and 1 meal a day for 1 school year
- **Medical Clinic** –We currently have one (1) clinic and continue to do mobile clinics to reach people who are unable to travel. Support for this ministry allows JBM to pay for much needed staff and medicine.
- **Church Development** – JBM consist of over 100 churches, many of which are in thatch or tin roof and mud walls. The church buildings are multifunctional, and the schools also operate in those buildings. As funds are available, we hope to update and maintain the buildings.
- **Technology Training Center** - Students are excited to use this Technology Center to learn English, French, and other subjects, to prepare for their National Exam, and to do research using a digital library.

Enclosed is my check made payable to the. JBM
